◆ TXIB

CAS:6846-50-0

Chemical Formula: $C_{16}H_{30}O_4$

Synonym/Trade Name: 2,2,4-trimethyl-1,3-pentanediol diisobutyrate

Technical Index:

Item	Specification
Appearance	Colorless and transparent liquid
Purity(%, \geq)	98
Saponification equivalent	144.8
Color \leq (Pt-Co)	30

Application: TXIB is a non-toxic plasticizer free off benzene ring, and it is applicable for toys, medical and food packaging materials, plastic products. It is a multi-purpose plasticizer, and compatible with all the common first and secondary plasticizer, especially when used in conjunction with the DOP. This product is used as solvent for PVC plastic, it can reduce the viscosity of the solution, and can be easy to mold into the mouth of a small mold. It is easy to mix with PVC resin, because it reduces the viscosity of the solution in the PVC, it is hard to mix with air bubbles, so it is easy to keep appearance smooth and beautiful.

Package: 200KGS/Iron Drum

Storage: Store in cool, dry, well-ventilated location.
