

GOLDEN TIME CHEMICAL (JIANG SU) CO., LTD

Address:88#Panyao Road,NanJing Chemical Industry Park,Jiangsu,China

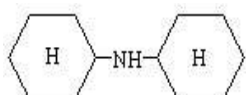

Tel:0086-25-58393388 Postcode:210047 Fax:0086-25-57117388

Dicyclohexylamine

Molecular Formula: C₁₂H₂₃N

Molecular Weight: 181.32

Structural
Formula:

Properties:using aniline as raw materials, through catalytic hydrogenation and condensation reaction of dicyclohexyl -amine.Products can be used for preparing dye intermediates, delayed thiofide, pesticide, catalyst, preservatives and gas phase oxidation inhibitor and fuel additives, etc.

Quality spec.:

Dicyclohexylamine T/JSFAA001-2021		
NO.	Item	Best quality
1	Dicyclohexylamine	≥99.5%
2	Aniline	≤0.05%
3	Cyclohexylamine	≤0.05%
4	Cyclohexanol	≤0.05%
5	Low-boiling residues	≤0.15%
6	Dicyclohexylamind	≤0.2%
7	N-Cyclohexylimide	≤0.2%
8	N-Cyclohexeneaniline	≤0.2%
9	Moisture Content	≤0.2%
10	Color HZ =	30

Use: Used in making dyes intermediates, delayed sulfur rubber accelerator, pesticide, catalyst, preservative, etc.

Packing: In sealed closed steel barrel,, net wt. 200kgs per drum. 180kgs per drum,also have ISO tank packing or IBC quantitative packaging
