

Jiangsu Jiankun Chemical Co., Ltd.

Product quality inspection report

Product Name: Methyl methacrylate

Production lot number: 20240929-01

Product grade (specification): excellent products

Analysis basis: HG/T2305-2017

Quantity (tonnes):

No.88 Yanjiang Avenue, Binjiang Town, Taixing City, Jiangsu Province

Test items	standard value	measured value	Conclusions
appearance	Colorless transparent liquid with no visible impurities	Colorless transparent liquid with no visible impurities	be in accordance with
Chroma (platinum-cobalt color number) / Hazen units	≤5	5	be in accordance with
Methyl methacrylate, w/%	≥99.9	99.95	be in accordance with
Density(20°C),g/cm ³	0.942-0.944	0.943	be in accordance with
Acidity (in methacrylic acid), mg/kg	≤50	4	be in accordance with
Moisture,mg/kg	≤400	108	be in accordance with
Polymerization inhibitor (2,4-dimethyl-6-tert-butylphenol),ppm	5~15 Can be developed according to customer needs	Developed according to customer needs	be in accordance with
